

Visionary Prayer by Sir Francis Drake (c. 1544-1596), Vice Admiral of the English Fleet –

*“Disturb us, O Lord, when we are too pleased with ourselves; when our dreams come true because we dreamed too little; when we arrived in safety because we have sailed too close to the shore. Disturb us, O Lord, when with the abundance of things we possess, we have lost our thirst for the water of life; when having fallen in love with time, we have ceased to dream of eternity; and in our efforts to build a new earth, have allowed our vision of heaven to grow dim. Stir us, O Lord, to dare more boldly, to venture on wider seas where storms shall show Thy mastery and, where losing sight of land, we shall find the stars. In the name of Him who pushed back the horizons of our hopes and invited the brave to follow, even the name of Christ Jesus our Lord.”*

Through this prayer, what might the Holy Spirit be saying to each of us as disciples, as leaders about: 1. our own lives, 2. the congregations where God has called us, 3. this presbytery now and as we discern the ways and path to follow Christ into HIS future?

- I. Vision Implementation: The Vision Structure Task Force has completed its work, aside from possibly being asked to report to the new leadership cabinet, assuming its election. Huge thanks to Ric Tieman, Debbie Blackburn, Dan Krebill and Ron Hanson who worked with us.
  - A. Rational for New “Interim” Structure which.....
    - a. Positions the presbytery to better fulfill its vision statement.
    - b. Concentrates the gifted leadership of the presbytery into fewer positions for stronger leadership and enhances relationships.
    - c. Allows the YP to more easily discern the leadings of the Holy Spirit and to follow.
    - d. Needs fewer participants and committees should mean financial savings.
    - e. As a smaller body, should mean better communication and “synergy.”
  - B. Apparent Response: Very Positive across the presbytery...
    - a. Presented and favorably received in clusters
    - b. The Rep/Nom Ministry Team indicates positive responses of those asked to serve.
  - C. Leadership Cabinet’s On-Going Call to Visioning – The Vision and the on-going visioning process is the responsibility of the Leadership Cabinet for and with the Presbytery
    - i. “The Fifth Strand” document – Possible ideas/suggestions for mission and ministry in the years ahead has included in the Vision Team Report.
    - ii. Listening to what is emerging (See “News from Churches” in Discipleship below), in mission-minded congregations and individuals.
  - D. What may be Ahead?
    - a. A Season of Change for Synods / Presbyteries, such as Mid Council Commission report & recommendations to the GA, possibilities generated by Synod leadership
    - b. A faith challenge of financial concerns – more churches only passing on the per capita they receive, usually with little or no interpretation or understanding of what is received by pastors and congregations from this small contribution... Might there be a new, more adequate way of funding the presbytery ministry? *Who interested in working with Goodriches in this important area? We can’t do our job and add all these new needs too.*

Goodrich 2013 Fundraising Update – We are deeply grateful that God enable us to meet the budgeted goal for our fundraising of \$40,000 for 2013, headed into 2014 with \$200 to spare. Thanks so much to those who contributed individually and the church mission budget's supporting us! Your love, friendship prayers and partnership in the gospel mean more than words can convey.

Personal Developments in the Goodrich Family

Chip Goodrich married Staci Stephens – a joyous ceremony, celebration and reunion with family and friends from near and far. They are both at Whitworth University.

Gillian Goodrich Cleary – Prayers for application to Univ. Colorado for this fall to become a Spanish professor. She is presently on a medical mission trip in Mexico (along with Dr. John Patterson, FPC, Bozeman) as a translator and record keeper for the Doctors.

We are grateful for a quiet month for our parents after the end of year with a move for George's parents and Kathy's mother's spinal surgery with very slow progress and remaining uncertainties. Prayers and wisdom always welcomed.

Interesting Developments:

- A. More Churches are finding per capita as "non-understandable" and will only pass along what they receive in designated donations yet little or no interpretation is shared. What are we to learn? What might be more effective ways to sharing what the Holy Spirit is doing, new ways for folks to support the leadership, resourcing and administration people need and expect from the presbytery but which most members and some leaders do not understand the funding of?
