Greetings from the Dream Team Task Group of Leadership Cabinet

Scholarship Application for Yellowstone Presbytery Churches

We have been tasked by the Cabinet to reach out to the congregations in Yellowstone Presbytery to offer you a Scholarship for Technology and Congregational Life. With all the recent changes in our lives, we know you are probably seeing changes in how you are doing worship etc. that cost extra money. We are asking **you** to develop a “wish list” for **your** church and congregation that will help you develop some new things that will allow you to function in this “physical distancing” world. **This help is to be available on a 50/50 basis.**

Give us an idea of the bigger mission of your church. Share with us the new ways God is calling the people in your church? Are you planning new outreach areas for connecting new people, how will you be connecting with the people that have been in your church for many years? How will you use this funding? Tell us about your dreams and why you need this funding?

We have developed a small list of things that you might put on your list, mainly to get **your juices** flowing. We want to hear your Dreams and Ideas. Some of our items have prices attached just for our information as we were working up the list.

The List:

- A ZOOM account \$150.00/year
- Curriculum for Vacation Bible School
- Help in the recovery from the cost of setting up technical assistance such as systems, processes, hardware, software, camcorders, and WiFi
- A church computer
- A Laptop or a Chromebook
- Internet connection to the church or Pastor’s dwelling or upgrade to current service
- External DVD
- Web sites

So what are your dreams and how can we help? Send them to Suzanne Bratsky at suzbratsky@gmail.com, call with your ideas (406-539-0211) or mail them to my home address: 521 W Arnold, Bozeman, MT 59715.
