MDP - Narratives

How would you describe the congregation's/organization's specific vision for ministry? How will this vision impact the community? Is the congregation part of a ministry vision or program?

Our vision for ministry is to show, share and live the love of Christ. To do this we need a strong spiritual leader and learning environment. Our desire is to show/share/live the love with the congregation, community and worldwide ministries of all ages. It is our desire to reach out to young families looking for a place to raise their children in Christ's love.

What is the nature and context of the community in which your congregation lives out its mission/vision? How will you address the emerging needs that are impacting your community?

We are a rural agricultural community. God has given us the dream of a pastor who will live among us, become part of the church family of Community Presbyterian Church, of Jordan, and of Garfield County. Currently our members are striving to meet the needs of the congregation and community by providing Christian Education and leading all worship services. We need leadership to energize the congregation to empower inactive members and to renew relationships with the congregation and with Jesus.

How will this call help complement the responsibilities of other staff/volunteer positions, and the life of the congregation/organization, so that you may accomplish your short and long-term goals for ministry?

A full-time pastor would give our congregation and community someone to go to when needs arise not just someone to listen to on Sunday morning. Having a presence in the community will remind people that our church is here for them, and, more importantly, conveying the message that Our Lord and Savior is always with us no matter what. By having a spiritual leader/teacher in our midst, our relationship with God and our spiritual aptitude and depth of faith will increase, empowering the congregation to reach out to each other, to our community and beyond. Our pastor will put a "face" to the Community Presbyterian Church and be someone the community will identify with. We feel strongly that the Presbyterian influence should be spread throughout the area.

Provide a description of the skills, gifts and training the person you hope will become a part of your ministry must have, to lead the congregation towards the vision and mission established.

We need a leader who has a strong grasp of the Bible and preaches from it. Someone who is outgoing, full of life, full of God's love, and is caring and patient. One who will empower and equip us to be devoted members of Christ's body. One who likes to share his/her faith with others and serves as a good example in his/her lifestyle. One who has good social and communication skills and will integrate into the community. Someone who thinks outside the box and accepts the challenges faced by our unique community.

What areas of ministry do you expect the person called to be responsible for? Share specific tasks, assignments, and programs.

(Please elaborate on a specific responsibility for the position that is really important for the church or provide a detailed description of each responsibility)
