

Season of Rebuilding

THE BOARD OF PENSIONS
OF THE PRESBYTERIAN CHURCH (U.S.A.)

COMMITTEES ON MINISTRY CONSIDERATIONS

As we work together to support congregational life, we encourage COMs to consider the following:

- Remain flexible regarding individual pastoral calls, knowing that any savings from benefits choices remain in the congregation and do not flow to the Board of Pensions.
- Engage your pastors and churches about the benefits they actually need before making any hard and fast call requirements related to benefits for pastoral calls.
- Invite the Church Consultant from the Board of Pensions, in your region, to engage with your presbytery/COM to help you better understand ways in which you might utilize the redesigned Benefits Plan to support congregational leaders.
- Commit to pray for this generational effort to redesign the Benefits Plan so it might broadly and inclusively support those whom Christ has called to serve.
