

Visionary Prayer by Sir Francis Drake (c. 1544-1596), Vice Admiral of the English Fleet – “Disturb us, O Lord, when we are too pleased with ourselves; when our dreams come true because we dreamed too little; when we arrived in safety because we have sailed too close to the shore. Disturb us, O Lord, when with the abundance of things we possess, we have lost our thirst for the water of life; when having fallen in love with time, we have ceased to dream of eternity; and in our efforts to build a new earth, have allowed our vision of heaven to grow dim. Stir us, O Lord, to dare more boldly, to venture on wider seas where storms shall show Thy mastery and, where losing sight of land, we shall find the stars. In the name of Him who pushed back the horizons of our hopes and invited the brave to follow, even the name of Christ Jesus our Lord.”

Through this prayer, what might the Holy Spirit be saying to each of us as disciples, as leaders about: 1. our own lives, 2. the congregations where God has called us, 3. this presbytery now and as we discern the ways and path to follow Christ into HIS future?

- A. Vision Implementation, living our vision as we live into the new structure: The Leadership Cabinet, resourced by the staff, is entrusted with leadership in our new structure, unanimously approved at our February meeting. Vision Structure Task Force has completed its work, aside from possibly being asked to consult with the new Leadership Cabinet including devising how best to do evaluation and some adaptations as called for by the timeline. Reread and refer to page on the Leadership Cabinet

 - d. Needs fewer participants and committees should mean financial savings.
 - e. As a smaller body, should mean better communication and “synergy.”
- C. Leadership Cabinet’s On-Going Call to Visioning – The Vision and the on-going visioning process and 30,000’/balconyperspective is the responsibility of the Leadership Cabinet with the Co-GP’s and Stated Clerk for and with the Presbytery

- V. Changes Coming in Presbytery Staffing and our Role with you: See separate FAQ also
- A. *A faith challenge of financial concerns and opportunities- The Presbytery of Yellowstone faces a serious budget crisis this year: While budgeted expenditures have remained remarkably steady for ten years, presbytery income has fallen:*
 - i. *Synod/GA partnership funds- In 2004, the year we joined you in ministry, the Synod/GA partnership funds contributed \$75,000 to the annual administrative budget. Since then these annual funds have decreased to about \$30,000 per year, coming from the Synod. Further decline may be expected in coming years.*
 - ii. *Goodrich fundraising – Thanks to God’s grace and the generosity of many of you and folks around the country, we fundraised \$15,000 the first year to cover part of our salary, housing medical pension and ministry expenses. Since then the budgeted amount we are to raise for our ministry among you has risen to \$40,000 per year. As of March 13, 2014 we have received about \$20,000 which is 1/3 of our annual goal in less than the first quarter. We are grateful to God.*
 - iii. *Per Capita – The membership of churches in the presbytery has declined through the years, but per capita has been increased to cover much of this cost. Thank you all!*
 - iv. *The Presbytery has approved on faith and trust a 2014 administrative budget that relies on the Leadership Cabinet to help explore ways (new initiatives, cost savings...) NOT to rely too heavily on endowed funds to balance the budget. Some of those funds have been received from the dismissal settlements of departing congregations – funds which, it was hoped, would be used to spawn new mission in the presbytery. A concern to us.*
 - v. *Increased funding, new opportunities must be explored including new worshipping communities, studying and reaching out to our communities, grants and more. Might there be a new, more adequate way of funding the presbytery ministry? Who interested in*

working with Goodriches in this important area? We can't do our job and add all these new needs too. Coming together for God's Glory and Spiritual Synergy

- vi. *We are grateful for the Leadership Cabinet for desiring to keep us in place full-time through 2014. However, the clear realities may be calling for exploring options for adaptations such as hours worked, a different staff structure... There are several possibilities, which we, working with the Personnel point person, will be asking the Leadership Cabinet to prayerfully explore, consider in order to minimize the reliance on balance sheet fund balances.. Together, we need God's wisdom, insight, ideas, provision in this opportunity and would deeply appreciate your prayers. See the accompanying FAQ DRAFT*

Goodrich 2013 Fundraising Update – We are deeply grateful that God enabled us to meet the budgeted goal for our fundraising of \$40,000 for 2013, headed into 2014 with \$200 to spare. As of March 13, 2014 we have received about \$20,000 which is 1/3 of our annual goal in less than the first quarter. We are grateful to God. Thanks so much to those who contributed individually and the church mission budget's supporting us! Your love, friendship prayers and partnership in the gospel mean more than words can convey.

Personal Developments in the Goodrich Family

Chip Goodrich married Staci Stephens – a joyous ceremony, celebration and reunion in Bozeman with family and friends from near and far. They are both at Whitworth University.

Gillian Goodrich Cleary – She was just accepted to Colorado Univ. for this fall in PhD in Spanish, receiving a teaching assistantship! Peter is thriving at Chipotle in Denver.

We are grateful for a quiet 2 months for our parents after the end of year with a move for George's parents and Kathy's mother's spinal surgery with some more progress at last! Prayers and wisdom always welcomed.

Interesting Developments:

- A. More Churches are finding per capita as “non-understandable” and will only pass along what they receive in designated donations yet little or no interpretation is shared.

What are we to learn?

What might be more effective ways to sharing what the Holy Spirit is doing, new ways for folks to understand and benefit from as well as contribute to the equipping, encouragement, community and partnering opportunities and to support what makes this possible - the leadership, resourcing and administration people need and expect from the presbytery but which most members and some leaders do not understand the funding of?

Might there be a new, more adequate way(s) of funding the presbytery's corporate ministry? *Who might be interested in working with Goodriches in this important area? We can't do our job and add all these new needs too.* Coming together for God's Glory and Spiritual Synergy
