

# Committee Report

**Committee Name: St. Timothy's**

**Committee Report for presbytery Meeting scheduled for November 2&3, 2012**

**Submitted By Ron Hanson**

## **For Presbytery's Information:**

The Committee met on September 4, 2012. The main items of discussion and the decisions made are as follows:

- Sunday Worship Services were led by three Pastors in 2012. It was decided that we should have a single pastor for the summer worship services. Also, because of the low attendance at the first two services we should look at 10 services instead of 12 services for 2013 and increase our efforts to encourage increased attendance at the services. In some years past only 10 services were held.
- New committee assignments were made for 2013.
- The new access road will not be completed until next year (2013). Removal of the existing access road and required landscaping will be done at that time.
- The 50<sup>th</sup> Anniversary of the Chapel is scheduled for 2015. There is a lot of maintenance that needs to be completed before then. The celebration planning will consider a fund raising effort.
- Diana reported that the Chapel hosted 13 weddings during 2012.
- The Long Range Planning Committee will be meeting on October 10<sup>th</sup> to update the Long Range Plan.
- The next meeting of the Chapel Committee is scheduled for January 3, 2013 at the Anaconda Presbyterian Church.
